

ADOPT-A- STATION PROGRAM GUIDELINES

Adopt-A-Station is a program designed to assist the City in its efforts to maintain, refurbish, and renovate fire stations. Citizens and businesses are encouraged to involve themselves within the community and contribute time, funds, goods or services to benefit our men and women firefighters and paramedics. We only ask that the following guidelines are followed and understood. Thank you for your time and support!

We can accept items listed on the Wish Lists by station, or unlisted items at the discretion of the Executive Officer and/or Adopt-A-Station committee.

The donating party shall apply in writing (using the donor form found on the Adopt-A-Station website) and the application must be approved prior to acceptance.

Property should be new and with the exception of manufacturer logos, be free from advertisements.

Individuals donating goods must be able to certify that they have ownership before donation.

Individuals donating services must be able to certify proof of insurance for corporate entities and release of liability for individuals.

Valuation of donations for tax benefit purposes will be the responsibility of donating party and a receipt of donation will be provided at the time of donation. Donations are tax-deductible under applicable IRS laws.

All donations become property of the City of Dallas.

Please note: Fire stations scheduled for immediate renovation are not eligible to participate. While citizens and businesses will be permitted to adopt the station of their choice, stations deemed in greatest need should be considered first.

Volunteers must sign and submit a liability waiver and release form (found on the Adopt-A-Station website) before participation.

Volunteers under the age of 18 must be accompanied by an adult.
