

DALLAS FIRE-RESCUE

Inspection & Life Safety Education

Smoking Safety Tips

- If you smoke, smoke outside
- Use deep, wide ashtrays on a sturdy table
- Before you throw out butts and ashes, make sure they are out, and dousing in water or sand is the best way to know for certain.
- Never smoke in a home where oxygen is being used.
- If you smoke, choose fire safe cigarettes. They are less likely to cause fires.
- To prevent a deadly cigarette fire, you have to be alert. You won't be if you're sleepy, have been drinking, or have taken medicine or other drugs.
- Keep matches and lighters up high, out of children's sight and reach.
- Check under furniture cushions and in other places people smoke for cigarette butts that may have fallen out of sight.
