INCIDENT DESCRIPTION					
<p><b>2-alarm Fire Damages Pleasant Grove Business</b></p> <p>A motorist traveling on 175 called in to report a building on fire shortly after 8:30 this evening. The first arriving crews reported seeing heavy fire coming out of a large metal building and began to battle the blaze. The business, Roy's Truck and Equipment, was vacated at the time of the fire. The majority of the fire was concentrated in an upstairs office and crews were forced to cut through the large metal overhead doors of the building.</p> <p>Fire Investigators determined that an electrical water heater caused the fire after it malfunctioned. There were no reported injuries.</p>
